

Skidlock RACER

Brace yourself for some intense drift style racing action!

'Skidlock Racer', winner of the Vodafone Java™ Games Challenge 2003 is an adrenaline charged top-down Racer waiting for you to get your car sideways while cornering at breakneck speed.

Get points by drifting in a closely contested street race - string drifts and slides together to multiply your score before locking in the points.

Compete in three different game modes with four modifiable cars and seven unique tracks.

Pick up your phone for a quick race, challenging an AI racer to get your name on the scoreboard.

Race the clock in a time trial and save your scores.

Unlock cars and tracks in career mode. Here you can build up a fleet of cars and make a fortune by entering drift challenges around the world. The harder you drift the more you win!

Available on: Nokia 60 Series (6260, 6600, 6630, 7610, N-Gage, N-Gage QD), Nokia 40 Series (with screen resolution of at least 128x128), Nokia 6230, and 5140; Sony Ericsson K700 and Z1010; Sharp GX10(i), GX20 and GX30.
